The CELLAR DINING Room

The CELLAR DINING Room

A unique underground venue with a difference. Once Lord Astor's private wine cellar, the Cellar Dining Room has been beautifully restored and is perfect for a more intimate, informal setting. It has brick walls, mighty pillars and a vaulted ceiling, creating an unusual and atmospheric dining room for smaller parties and private gatherings. It's also perfect for hosting wine tastings or used in conjunction with a tour of the House's historic wine tunnels.
